**Re: Reappointment of Project Manager
Solutia W. G. Krummrich Plant
Sauget, Illinois**

Dear Mr. Bardo:

As required by Article V of the Administrative Order on Consent (AOC) agreed to by Solutia on April 26, 2000 (U S. EPA Docket No. R8H-5-00--003), Solutia is designating Gary Vandiver to be the Project Manager for this Order. He will replace Mr. Robert J. Hiller who has acted in this capacity since the Order was signed.

Gary is well qualified to fill the Project Coordinator role. He has over 28 years of plant, engineering, project management, and remediation experience with Monsanto and Solutia and is also the Project Coordinator for the Area 1 CERCLA activities and the Project Coordinator for the Area 2 UAO Interim Remedy

Gary is located at the Solutia corporate offices in Maryville. His contact details are as follows:

Gary Vandiver
Solutia Inc.
575 Maryville Centre Drive
St. Louis, MO 63141
Telephone: 314-674-6768
Fax: 314-674-8957
e-mail: gwvand@solutia.com

September 12, 2003

If you have any questions, please call.

Sincerely,
Solutia Inc.

A handwritten signature in black ink, appearing to read "Jerold W. Lebold". The signature is fluid and cursive, with the first and last names being more prominent.

Jerold W. Lebold
Manager, W. G. Krummrich Plant
